### REASONS FOR ALLOWANCE

This is written in reference to application number 09/295329 filed on April 21, 1999; CPA filed on September 9, 2000 and RCE filed on February 10, 2003.

#### *Response to Amendment*

1. Claims 1-26 are currently pending.

#### *Oath/Declaration*

2. The examiner acknowledges the declaration submitted pursuant to 37 CFR 1.132 by inventor Yasumasa Kawabe on April 1, 2004.

#### *Allowable Subject Matter*

3. Claims 1-26 are allowed.
4. The following is an examiner's statement of reasons for allowance: the declaration filed on April 1, 2004 along with the filed photographs were convincing to show that a difference in film residual rate of ~4-5% is significant. The said declaration is therefore effective in showing unexpected improvement over the cited prior art in regard to instant claims 1-15. The said declaration also clarifies the definition of Profile A and Profile B. The clarification is sufficient to show that the profiles obtained with the inventive examples have unexpected results over the cited prior art as related to instant claims 1-15. Claims 16-26 were previously allowed. See paper 04222003.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
